COMMUNIQUE

The Missionary Community of Saint Paul the Apostle (MCSPA) hereby informs the wider public of the following:

That mechanisms and protocols for the protection of children and vulnerable persons have been put in place so as to give the necessary attention to possible victims.

It is essential in the MCSPA that our personnel are adequately prepared to work under these mechanisms and protocols with the necessary zeal so as to prevent any situation of risk. Adequate formation is being provided to our personnel, given our firm commitment towards cooperation for developmental and social assistance that corresponds in concrete ways to specific situations of need.

The MCSPA condemns any type of abuse caused in society, in the Church or in the Community itself. An integral part of our work is to create a safe environment and defend the protection of all children, youth and families who participate in our programs.

With the utmost desire of improving the quality of its activities, the MCSPA created an Advisory Council to assess areas of governance. This Council has opened a confidential email whereby complaints against any member may be channeled. The address is ethical.channel.MCSPA@gmail.com.
